#### THE NEW SYSTEM.

At the last legislature the Australian ballot law was amended so that the larger towns, cities and villages in the state need not vote under the new system at town and village meetings unless they so desired. Two cities and seven towns in the state were affected by this law. It is interesting to note that all but one of these places will vote by the Australian system next Tuesday. In St. Johnsbury the vote to use this system was passed almost unanimously, and in the other towns the its pecuniary value reaches into the sentiment was equally favorable to millions. It is of a bluish white tinge the secret ballot. The Australian and practically perfect. ballot system is here to stay, and any attempts on the part of legislators to lessen its usefulness are promptly put down by the citizens.

#### THE GRIP.

That affliction, which is popularly known as the grip, is with us once more. As in previous winters it is not at all confined to localities, being prevalent in Europe as well as in many parts of the United States. Those who haveit, or think they have Boston Museum .- Annual carnival at it (the symptoms in both cases are of Benjamin F. Prescott, governor of the about the same), can console themselves with the fact that they are in excellent company, as the Pope, the Prince of Wales and Lord Roseberry are all suffering with the malady. Poets are also susceptible to the disease, as may be seen from the following "skit" which recently appeared

in the New York Herald; You may choke me off with quinine You may frighten me with squills. You may try to overcome me With your tonics and your pills; But I'm stronger than your doctors Though for miles extends their fame I'm a little "grip" bacillus-And I get there just the same

The W. C. T. U. have had wonder ful success with their polyglot petition which has over 1,000,-000 signatures and is the largest petition that has ever been circulated. It will be sent around the world for more signatures asking protection against the liquor and opium trades, going first to England. The lady who for five years has been compiling this petition is Mrs. R. C. Shuman, whose address is 2130 Sherman avenue, Evanston, Ill. Signatures for this monster petition can be sent right along to her address stoneworkers, 10,000 strong, vote to aid and will be placed on the great peti- the electrical workers by striking. tion later.

Rev. Dr. Plumb of Boston, whose recent patriotic address in St. Johnsbury was so well received, has vigorously denounced the Sunday newspaper as disreputable, demoralizing, unreliable and unpatriotic, the tendency of which is to break down all restraints on immorality and encourage crime. "If it were not for the influence of the churches," he said, "the hot floods of anarchy would deluge the country, encouraged and swindlers escape with their booty,incited by the Sunday newspapers."

The CALEDONIAN extends congratulations to Frank L. Greene, the assistant editor of the St. Albans Messenger, on the occasion of his marriage to Miss Jessie Richardson \$11,800 from the signal service after a of St. Albans. Mr. Greene is one of the most popular young men in St. Albans and has a wide acquaintance throughout the state on account of his high position in the Sons of Vet-

#### Witch Hazel Toilet Cream

The following unsolicited testimonial tells of the wonderful virtues of this celebrated remedy LITTLETON, N. H., Nov. 10, 1894.

MRS. BRUNETTE, Dear Madam: I received the box of Cream and hasten to send my check by return mail. Two weeks ago today my ankle was caught n a wagon wheel and severely injured but no bones were broken. A wound and bad sprain was the result. I kept around on it for five days and finally got cold and erysipelas showed itself and it began to swell, becoming very painful. I tried several kinds of liniments, salves, etc., but with very little help. Proud flesh appeared to be in the wound. I sent for my housekeeper, who was away on a visit. She came and when she saw the injury, she said she had a box of Cream that would help it, but I had no faith in it. As she urged me to try it, I took the box, which was your "WITCH HAZEL CREAM," and gave the limb a good annointing and went to bed. It was very red, inflamed and swoolen when I put the Cream on at 9 o'clock p.m. What was my astonishment the next morning on taking off the bandage to find the swelling nearly all gone, flesh natural color, no inflammation, no pain, and proud flesh all healed over. It seems little short of a miracle to me. I have put the Cream on a few times and it is now well. I told my housekeeper it was worth its weight in gold. I have always been troubled somewhat

with a scrofulous humor, and am subject to erysipelas in wounds, and came very near dying 50 years ago with erysipelas, and I am much pleased to get so good a remedy. I am well known here, having been in town business every year except one for 15 years, and you can refer any one to me in regard to the above. Very respectfully, etc.,

WILLIAM M. TAYLOR.

### Are You in it?

Mr. Charles B. Spahr of Columbia University, has recently examined the records of the Surrogates of 35 counties in the State of New York, covering the last three months of 1893 and including the counties of New York and Kings, the richest in the State. The results are remarkable as showing how few people leave any estates at all and the low average values of the estates left.

Out of 10,000 persons over 25 years of age dying during the quarter, only

885 left estates equal to or exceeding \$500 2466 averaging 129 6649 valued at 000 Think of it! Less than 9 per cent were worth \$5000 and less than 25 per cent were worth \$1292 when they died. The conclusion is that whether 9115 out of every 10,000 leave an estate of \$5000 or not depends upon whether they have life insurance for that amount or not.
